

Ware 4 Bins & Recycling

Bins, Trolleys, Recycling and Waste Containers

New Brussels

Swing, open hole and paper slot lids available in a range of colours.

*Confidential locking option
(007)*

Made from brushed and lacquered aluminium, the New Brussels is a stylish yet functional option for large public areas such as entrance halls, exhibition centres, airports, shopping malls and educational establishments.

Available with a range of coloured lids with open apertures, swing tops, paper slots and confidential locking options, it is ideal for recycling large volumes of waste in high profile areas.

Benefits:

- Stylish for smarter areas
- Large capacity to aid frequency of emptying
- Mix and match lids suitable for multiple waste streams
- Promotes responsible waste separation and recycling
- Locking option for confidential papers
- Deep collars hide untidy looking waste bags

Specifications:

- 87 litre capacity
- 400mm diameter
- 750mm height
- Brushed and lacquered aluminium body
- Range of different lids

*Bespoke labelling available
upon request*
