

Ware 4 Bins & Recycling

Bins, Trolleys, Recycling and Waste Containers

Vending

Below are a few examples of our ranges that are ideal for separating recyclable waste in a canteen or vending area. For more detailed specifications please see individual product sheets.

Rubbermaid Slim Jims

Available in a 60 or 87 litre capacity with a choice of a grey or blue body. The lids come with a number of colour options and apertures.

Rubbermaid Half Round

This 80 litre bin is available in grey or blue with a recycle logo. Made from durable polypropylene with rounded design for easy cleaning.

Optobins

Optobins are ideal for recycling large volumes of waste. Available with a choice of coloured lids and apertures including hooded lids.

Square Stations

87 litre capacity units with a choice of lids.

Cup-banks

A variety of containers designed specifically for the collection of cups and liquid waste.
