

Ware 4 Bins & Recycling

Bins, Trolleys, Recycling and Waste Containers

Zintec-R

Zintec R with colour coded lids

Zintec R with colour coded bodies

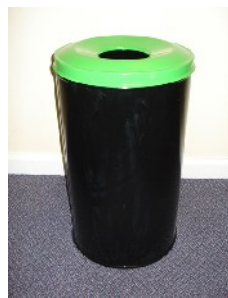

Manufactured in powder coated Zintec steel, our Zintec range are ideal for smarter areas where there may be an increased risk of fire. Lids on both the Zintec R are designed to self extinguish any breakout of fire. Colour coding of lids and labelling also allows these bins to be used for recycling schemes or waste separation of flammable materials.
